

# Posture & Gait Asymmetries

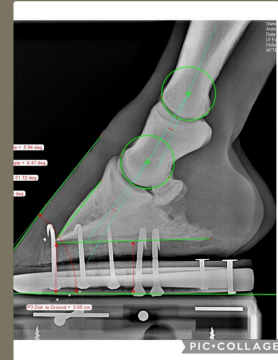

## The Shoeing Connection!

September 21, 2024  
Fairfield, VA

In this hands on clinic you will learn how the “Holistic” Horse approach to shoeing can dramatically improve fluidity of movement, elevate performance, help resolve intermittent lameness, and prevent injuries!

Join clinicians Richard Armentrout, APF-I and Luke Binegar who share a combined 46 years of experience in farriery. They will provide performance evaluations utilizing radiology coupled with dynamic and static evaluations of the horse. You will have the opportunity to follow along with the process and gain a deeper understanding of the Whole Horse process!

Before RF lift

After RF lift

- » \$75 per participant
- » \$40 per student (e.g., 4-H/FFA)
- » Personal Assessment & Shoeing Available case by case
