

Anatomy, Trimming and Hoof Protection – New York

This three-day clinic fulfills the beginner series clinic requirement for PHCP students.

Day 1 – anatomy and booting

Day 2 – more anatomy and hands on with cadavers for casting, power tools, and shoe removal

Day 3 – finish up with cadavers and live trimming (we will cover the first time seeing a client's horse and trimming for the client)

A hands-on [Reading Radiographs](#) clinic is offered the day before at this same location.

Some of the topics covered

- Basic distal limb anatomy

Study the [PHCP Introduction to Equine Hoof Anatomy](#).

Visit [Anatomy of the Equine](#) and purchase the Apps or Ebooks. Spend time on this website and get familiar with the distal limb anatomy before you attend the clinic.

What to bring

If possible, students should bring their own tools (gloves, apron, nippers, rasp, knife, hoof pick, shoe pullers, and stand) but we will have some to share.

If you have a cadaver leg of your own you would like to dissect with us please let us know and bring it along. Cadaver legs are getting harder to come by and can be quite expensive. If you have access to some we would be grateful.

To discuss the possibility of a mentorship with [Jeannean](#) contact her at 631-434-5032 or email at neanpiggy@me.com.

All of our educational offerings are open to the public.

Jeannean Mercuri lives on Long Island where she operates her hoof care business. She began her journey into barefoot trimming in 2001. She joined PHCP in 2009 and went on to become a Mentor, Clinician and Director of Education in our training program. Teaching and continuing her own education are passions for Jeannean. Years of working with

Gerdas Equine rescue in Vermont and referrals from local Veterinarians on the tough founder cases have given her extensive experience with hoof protection in her rehab work as well as for clients needing hoof boots for everyday riding.

Sign up

Contact [Jeannean Mercuri](#) (631-434-5032) for clinic questions and travel/lodging recommendations.

Auditing will not fulfill the beginning series anatomy clinic requirement.

Cancellations made one month in advance of the clinic start date will receive a full refund. Between a month out and two weeks in advance of the clinic, cancellations will receive a 50% refund.

If the clinic is cancelled for any reason the student will receive a full refund. Purchasing refundable airline tickets is recommended.
